## About This Game

### About this game

After summer vacation is over, Dong-Woo gets invited to Seung-Ah's house.

While Seung-Ah chatters away about her memorable vacation, Dong-Woo drifts away into a brief daydream about going skydiving in Interlaken, Switzerland and spending time with Seung-Ah at the beach in Nerja, Spain. Waking up from his daydream, Dong-Woo is back in Seung-Ah's kitchen where they continue their conversation about summer vacation.

Experience skydiving and be transported to a sunset beach through Dong-Woo's eyes in this VR experience.

### Interaction

Minimal interaction is made by looking at icons, text dialogues and Seung-Ah herself.

### Language and voice

User interface and subtitles are available in Korean, English, Japanese, Chinese (traditional & simplified), German, Spanish and French. Voice is only available in Korean.

**Graphics:** NVIDIA GTX970 / AMD R9 290

**DirectX:** Version 11

**Storage:** 2 GB available space

English,Korean,French,German,Japanese,Simplified Chinese,Traditional Chinese

---

Its dopey as hell man. I mean, yea i love asian chicks,i got serious yellow fever...so much so i married an asian chick lol.

Not sure why i thought i would like this game, its pretty pointless to be honest. she talks too much. Shes not too interesting either. Typical Young Asian girl with money honestly. Pretty stereotypical, but somewhat belies in truth of how they are. The worse part i thought maybe there'd be a chance to get steamy by figuring out how to get into her room with her. no such luck. Plus the worse part for me was with my VIVE PRO, the scaling is whacked out. so she looks way smaller than she should. For instance, walking into her house i feel like im 10 feet tall and shes 2 feet tall. so it ruins any immersion this game might have had for me. Meh
